

Margan Estate Aged Release Semillon

Art. nr: 990102901

Pris inkl. moms:

Sortiment:

Restaurangsortiment

Doft:

Semillon at five years of age shows just why this is one of the great wine styles of the world. It has a wealth of complex flavours, a soft but lingering acidity and a never-ending finish. The colour will still be pale straw and the nose shows lemon peel, lime zest and a touch of honeysuckle.

Smak:

The palate will have a range of citrus flavours- lemon grass, grapefruit, lime sorbet as well as a touch of honey and macadamia. The finish is long and lingering.

Passar till:

Freshly shucked oysters with finger lime and cracked pepper

Om producenten:

I 20 år jobbade Andrew Margan som högra hand åt den legendariske vinmakaren på Tyrrel's, Hunter Valley's äldsta stjärna på vinhimlen. 1997 bestämde dock Andrew och hans Lisa att det var dags att starta eget. Under åren har de köpt på sig mark och besitter idag 130 hektar utmärkta vinodlingar med mycket gamla vinstockar. Jorden i området är oftast röd vulkanisk sandblandad lera, proppfull med mineraler som vinstockarnas långa rotsystem mer än gärna suger i sig. Med sitt relativt svala och fuktiga klimat ger vinerna i Hunter sällan samma kraft som många andra varmare regionen, inte heller så hög alkohol. Margan försöker odla ekologiskt, deras semillon är 100% eko, men alla druvsorter är inte lika tacksamma. Man är på god väg och nästan alla kemikalier är ersatta med naturliga medel.

Om Margan Estate Aged Release Semillon

Producent: Margan Estate

Ursprung: Hunter Valley, Australien

Terroir: We select a single block of our low yielding 50yr old Semillon vines which are grown on the red volcanic soils of the Fordwich Sill. We hand pick the block, slightly early to ensure a higher acid, lower potential alcohol and a leaner structure.

Druva: Semillon

Vinifiering: The juice was fermented at cool temperatures to preserve delicate fruit characters. Our Aged Release Semillon has been made in a very pure style to reflect the traditions of the area. Strength of acid and line and length are the keys to the ageing style and this wine has been specifically made to have this covered. 5 years of bottle maturation allows both the young wine and the older wine to be seen in the one glass. This wine

shows great ageing potential, well beyond the five years at release.

Årgång: 2015
